Praying for an end to Coronavirus in BRAZIL & INDIA - Here is our "Pray the Bible" verse:

Here is our creative prayer idea.

Why not make a map of Brazil or India and draw a red circle around all the cities that are named. Color in each circle with yellow each time you pray this verse over the city that you have circled: maps are at the end of this document.

Here is one way you can pray Habbakuk 3 verse 2:

Lord I have heard about some of the miracles you have done.

I am amazed at what you do – healing the sick, raising the dead, doing miracles in nature.

Lord in (name the city in Brazil or India), would you do MORE miracles in our days? Would you heal the sick and bring an end to covid?

I remember you are a God of mercy and I pray "mercy" over (name the city).
